

Marmaris- Fethiye - Marmaris

DAY 1

When all members of your group have arrived, the skipper will welcome you and answer any questions you may have about the trip. For your first night on board we'll stay in the harbour so that you may get acquainted at leisure with lively Marmaris

DAY2:

After breakfast your dream journey begins sailing through Ekincik. Here you have the possibility to join an optional excursion to Dalyan/Caunos, a Caria city supposedly founded by son of Miletos. The city's historic value includes ancient rock-tombs, acropol castle, antique theatre and a church complex. You will be met by a river boat which will take the group to the site of ancient Caunos in the delta of Dalyan river, and then upriver further to the sulphur mud baths supposedly very cleansing for your skin. The extensive sandy beaches of Dalyan delta are one of the last breeding places of the Mediterranean sea turtles (Caretta Caretta).

DAY3:

Before you wake up in the morning the Gulet will leave Ekincik so as to profit from the morning wind which usually blows off Dalyan beach. Our yacht will cast anchor for breakfast and a dive into crystal clear waters will be possible. We will drop anchor in Manastir Bay. Later in the afternoon we will sail on to Bedri Rahmi Bay, "creator" of the blue voyages. We'll anchor in this lovely place for the night.

DAY4:

Today we will set sail for Tersane Island. Many centuries ago the people of this region built their wooden ships here. You can still see ruins of the ancient shipyard. Later in the day we'll sail on to Göcek Bay, our anchorage for the night. Göcek is a small village but recently it has developed into a yachting base with two marinas and many yachting facilities.

DAY5:

After the breakfast, we'll leave Göcek for Kargi Bay, a quiet picturesque location where we'll spend ample time swimming, snorkelling and wind surfing. This little bay is a paradise for snorkelling fans. What's more, it's also meeting place for many kinds of fish, just waiting to be caught.

DAY6:

This morning we'll go on to the town of Fethiye. You may spend some time in town, sight-seeing and shopping. A second optional excursion will be arranged here for you. The trip goes on to Saklikent, a hidden Gorge, and then on to the very famous Blue Lagoon by jeeps or minibus.

DAY7:

After breakfast we'll set sail for Kadirga Bay where we'll spend some time swimming, surfing, snorkelling and taking our last dives into the crystal clear waters of outer Marmaris Bay, then we'll make fast for Marmaris quay. At this last night you will have shopping opportunity and a chance to join the Marmaris Nightlife. Some passengers may disembark this evening dependant on their flight times.
